FOR IMMEDIATE RELEASE

UPDATE 4

CONSTRUCTION ON HIGHWAY 9 NEAR BEN LOMOND NEARS COMPLETION

SANTA CRUZ COUNTY— A construction project nears completion with grinding and paving scheduled for next Wednesday, April 10 and Thursday, April 11 on a ¼-mile section of Highway 9 in Santa Cruz County near Ben Lomond from just north of Glen Arbor Road to Highlands County Park south of Holiday Lane.

However, the temporary signal has been removed and the highway is now open to two-way traffic. A detour along Glen Arbor Road will be in place while final grinding and paving are being done next week from 9 am to 3 pm.

Road and bridge work to construct a new viaduct began on September 4. Motorists should expect 10-15 minute delays.

This project will improve roadway reliability by constructing a viaduct structure and repaving the existing, worn pavement. Project work will continue after April for about one year so that landscaping can be installed. No lane closures are needed for this and all work is expected to be complete by next summer.

The contractor for this \$1.3 million project is Pavex Construction of Watsonville.

Caltrans reminds motorists to move over or slow down when driving through Caltrans work zones.

For lane closure information on this project and for traffic updates on other Caltrans projects in Santa Cruz County, residents can call the District 5 toll free number at 1-831-423-0396 or can visit our website at www.dot.ca.gov/dist05/maint/road/upscr.htm
